**W. D. ANDREWS,**  
—PROFESSOR OF—  
**VETERINARY DENTISTRY,**  
Office at Truckee Stable, Reno, Nevada.

**ALLEGED VETERINARIAN ADVOCATE**  
A veterinary dentist, well knowing that no other method has yet been discovered that produces the same satisfactory result. I cut the front teeth of old horses so that the back teeth come together. Very few horses, young or old, but have more or less sharp edges of rough projections upon their molars. These sharp points lacerate the mouth, thereby causing torture to the horse, and he tries in various ways to rid himself of the trouble. Some use the head, drill or slobber, others stand suddenly or stop short, and some bite sideways or hold their head in an unnatural manner. Blindness in one or both eyes, a rough coat of hair, a suffering horse, and disagreeable driver is caused by a defective mouth. I carefully remove all irregularities and place the mouth in a level, natural condition. Veterinary dentistry is an act of humanity. It not only relieves suffering but produces a fine, pleasant driver, and gives your healthy horse whose life is prolonged at least five years. I have had eight years' experience in this business and am qualified to give thorough satisfaction.

NOTICE IS HEREBY GIVEN THAT IN COM-  
pliance with the provisions of the Act of  
Congress of June 3, 1878, entitled "An Act for  
the sale of timber lands in the States of California,  
Oregon, Nevada and Washington Territory," F. P.  
Foules, of Verdi, county of Washoe, State of Ne-  
vada, has this day filed in this office his sworn  
statement, No. 1017, for the purchase of the 1/2 of  
NE 1/4 and NW 1/4 of Sec. 15 and NE 1/4 of Sec. 16,  
T. 2 N., R. 10 E., in Township No. 10 North, Range  
No. 1 East, and will offer proof to show that the land  
sought is more valuable for its timber or stone  
than for agricultural purposes, and to establish  
his claim to said land before the Register and Re-  
ceiver of this office at Sacramento City, Cal., on the  
10th day of December, 1889.  
He claims as witnesses: J. R. Dean, of Sacra-  
mento, City, Cal.; H. H. Davis, of Sacramento City,  
Cal.; Wm. Elliott, of Verdi, Nevada; James  
Foxwell, of Verdi, Nevada.  
Any and all persons claiming adversely the  
above-described lands are requested to file their

Mrs. Mackay at Newport.

Mrs. M. E. Wardwell, in a letter to the Providence Journal, descriptive of a grand party at Newport, has the following to say of Mrs. J. W. Mackay, among many other things: "Candor compels me to own that her bodice was strikingly décolleté, even as Newport bodices go; but nobody minded that in the least, for her neck was surrounded and her throat hidden by strings of the most superb pearls ever seen, and as large as moderate sized peas. They were clasped at the back by an enormous sapphire set in brilliant diamonds. Everybody longed to have one of those silken threads upon which they were strung give way and scatter those treasures all over the floor. Would there have been a scrambling, though? I think even the dignified and stately leader of the Four Hundred himself would grab with the rest, for just one of those pearls represented a very comfortable sum in the coin of the realm. At the subscription ball on Wednesday night she wore her famous rubies, like flames of fire set in diamonds, and gave even Mrs. Astor a tinge of envy, as the latter lady held her little court in a corner, richly dressed in sapphire and tulle and encased in emeralds and diamonds that flashed gorgeously whenever the light fell upon their thousand facets."

The Cruiser Baltimore has shown a speed of nineteen and three-tenths knots over the measured mile course, and eighteen and seven-tenths knots on the outside course. The card will probably show an excess of 10,000 horse-power. She made a run in three minutes and five seconds. The cruiser Chicago had a successful trial at New York Saturday at cruising speed. The high-speed test was not made.

General Benjamin F. Butler has signed a contract to write a history of the United States, from Independence time down to the end of the reconstruction period, with particular attention to the political features of the War of the Rebellion. This will permit him to get in a few cracks at his old foe, Admiral Porter.

Fort Leavenworth Saturday unveiled a statue of General Grant. It is not quite so ambitious as the monument which New York has not built, but it has got there while New York's has not started yet, and is not likely to until that too cosmopolitan city experiences an accession of patriotic sentiment.

Secretary Windom Monday received \$200 in an envelope postmarked Chicago, Ill. from an unknown donor. It was placed in the credit of the Conscience fund. Accompanying it was the following note: "This is Uncle Sam's; put it to his credit."

Both the Western Union cables have snapped in twenty fathoms of water just off Flemish Cape, close to the American coast. The Company, however is continuing to accept messages, sending them over the Anglo Company's cables.

Arrangements for the gathering of Knights Templar at Washington are nearly completed. They cover an elaborate entertainment, and the procession promises to be the finest of all the previous triennials.

Secretary Windom has appointed Robert H. Terrell, (colored) of Boston, Mass., Chief of Division in the Fourth Auditor's office. This is the first colored Chief of Division ever appointed, although Lynch and Bruce have been chiefs of Bureau.

Cardinal Gibbons, at the laying of a corner stone of a church at Washington, said he was "convinced that the growth of the Catholic faith in this country will more than any other means promote the welfare and stability of our American institutions."

The new Chinese Minister has announced in advance his intention not only of restricting the social privileges of the members of the legation, but of debarring them altogether from any friendship with American women.

It is believed in Washington that Major Warner will accept the position of Commissioner of Pensions. He is ambitious to become Governor of Missouri, and believes that a well-administered office will further that end.

Steve Bradie jumped from the back of a horse and walked on a cable into an article at Byrnes Park, Cleveland, Ohio, Sunday, a distance of 100 feet. Five thousand spectators were present.

A monument to Major-General Reno has been unveiled on South Mountain battlefield by members of the Ninth Army Corps.

Effect of the Lower Grate Ore.

WASHINGTON, Sept. 17.—Telegraphic reports just received by the Treasury Department from the collectors of Customs at El Paso, Laredo and Eagle Pass show that the quantity of silver-lead ores imported since the enforcement of the regulations of July 18th last was 10,898 tons, while the importations for the like period immediately preceding the issuance of such regulations were more than one-half of the volume of importations. The reports also show that the value of the ores imported at Laredo prior to the adoption of the new regulations was much lower than that since imported, indicating that large quantities of low grade ores formerly permitted to come in free as silver ore are now excluded.

Mr. Frank Newlands neither denies nor acknowledges the suit impeachment of being in the field for Senator, but it is generally acknowledged that whoever may be the candidate who is to take an ugly fight will be made, for walk-overs cannot occur, especially in the present state of political affairs.—Carson Tribune.

## A UTAH ROMANCE.

Lovers Meet After Seven Years—A Story of Frailty and Forgiveness.

OGDEN, Sept. 12.—To-day witnessed the denouement of a real life drama which has two continents and one ocean for scenes, and shipwrecks, woman's frailty and man's insanity for incidents. Seven years ago in Halmstead, Sweden, Abel Nilson and Emma Swaenson were children together. She was rich and he was poor. At the age of 17 they were betrothed. Able went to sea but was shipwrecked on an iceberg of the North seas. He was rescued and finally landed on the shores of America by an American vessel. He worked his way to his mother's home in Ogden, Utah, where he wrote to his sweetheart in old Sweden, telling her of his narrow escape and that soon he would send for her to join him here.

Meanwhile Nilson's long absence caused Emma's parents to suppose him dead. Against her will she was urged to accept the attentions of a wealthy suitor. An engagement followed. Under promise of marriage the new lover, who was a friend and schoolmate of Nilson, led Emma from the path of virtue and she became a mother. Before her shame became public he would have led her to the altar, but she begged for yet another year to see if the ocean would not give back her first love.

Then the letter from Ogden reached her, telling of Abel being alive, well and still loyal to his vow. She wrote, confessing all to Nilson, bewailing the sinful act that had blighted her whole life, yet begging him to forgive her and forget. It was said to one who had already suffered so much and Abel's reason tottered, but he finally wrote a letter of forgiveness to Emma, enclosed money and asked her to come and bring her babe.

It was his mind's last struggle, for soon after he became a raving maniac and was sent to the Utah Insane Asylum. Emma stole away from her parents and her new betrothed. Fate decreed she should take passage on the Danmark, the steamer that went down in mid-ocean last April. She was one of the many landed in Philadelphia friendless and penniless.

It was a long way to Ogden, but she bravely struggled with hunger and privation until she stood a trembling but happy wanderer before the door of Mrs. Nilson's home. In a few moments her troubles would end; she would be clasped in the arms of her first and only love. But, alas! she was doomed instead to listen to the mother's heartrending account of her lover's insanity, and to suffer the awful remorse caused by her own folly.

This was last April. Since that time she has unceasingly labored for her lover's restoration and release. The Courts were petitioned, the aid of judges invoked, physicians' certificates obtained, until at last success crowned her efforts.

To-day the doors of the asylum swung open and Abel Nilson walked from the shadows of melancholy into the smiling sunshine of his long-lost love. Thus the two lovers met after seven years of parting. His mind is fully restored, his happiest dreams realized, and to-day the law made them man and wife.

## A SENSATIONAL SUIT.

Burling's Widow Sues the Sharon Estate.

Leonide H. Burling has brought suit against Frank Newlands and Fred W. Sharon for an accounting of the business relations of the late William Ralston and William Sharon prior to the failure of the Bank of California.

The complaint makes some startling allegations relative to the business transactions connected with the Bank of California prior to the failure and alleges that Sharon at the time of Ralston's death was indebted to the latter nearly a million of dollars.

It also claims that the charge made by Sharon that Ralston was an embezzler is false.

The suit will open up a large field of sensational litigation and go through Sharon's business relations with the mills mines, the Spring Valley Water Company and the V. & T. R. R. Company.

The particular feature of the suit, is that both the principals in the transaction are dead, and the heirs of each will fight the legal battle to the finish.

## The Mint.

WASHINGTON, Sept. 17.—There is a feeling throughout the Treasury Department that a new Director of the Mint will be appointed within a few days or weeks. Considerable surprise has been expressed on all sides that the Administration has not taken steps already to secure a head to this important bureau who could harmonize with the policy that might be brought forward. In fact this office is regarded as being one of the most influential in the line of political finances, and the fact that it has been unfilled so far has to some extent created the impression that the Administration was going to let the silver question severely alone. But it seems that this is not the case, and the prevalent idea is that the President has only been deferring the matter until a more opportune time.

The law provides that this officer shall be appointed for a period of five years, but this has never been followed. Director Burehard's resignation was called for before his time was up, and now it seems that Secretary Windom has performed the same service for Dr. Kimball, the incumbent.

It is conceded that the Computer of the Mint, Edward O. Leech, who has been connected with the service for many years and has established a reputation as one of the best-posted men on coinage matters in the department, is the most promising candidate in the field, and his appointment is confidently predicted. He is said to have been strongly indorsed by solid Republican influence from the Pacific Slope, as well as equally heavy backing from the East.

## NAGLE RELEASED.

Substance of the U. S. Circuit Court Decision Settling Him at Liberty.

SAN FRANCISCO, Sept. 16.—Judge Sawyer, in the U. S. Circuit Court this morning, rendered a decision in the habeas corpus case of Deputy Marshal Nagle and discharged him from custody. The bill of exceptions filed by counsel for the State was allowed by the Court, and pending appeal to the United States Supreme Court Nagle was ordered released on his own recognizance, with bail fixed at \$5,000.

The Court in its decision declares: "After mature consideration we have reached the conclusion that the homicide in question was committed by the petitioner while acting in the discharge of a duty imposed by the Constitution and laws of the United States. Nagle was on the scene of action, facing a party making a murderous assault, knowing by personal experience his physical powers and desperate character, and by general reputation his readiness to use them, and his angry, murderous threats. He was the party to determine when the supreme moment for action had come. In our judgment he acted under the trying circumstances surrounding him in good faith, and with consummate courage, judgment and discretion. The homicide was, in our opinion, clearly justifiable in law, and in a forum of sound, practical common sense commendable."

A dispatch has been received from Washington to the effect that it has been thought necessary to protect President Harrison against assassination by some infuriated Grand Army man who wants revenge for the dismissal of Tanager. Veteran soldiers are not apt to be assassins, but there may be some crack of the Gaitheau stripe who is dangerous.

The latest news from Paris is that Miss Huntington is not to become the Princess Hatzfeldt. Collis P. looked up the record of his prospective son-in-law and concluded that he had no use for him, so the affair is off.

## THE STATE LINE.

That Six-mile Strip Which Will Go to Nevada.

SACRAMENTO, September 14.—The Legislature, at its last session, appropriated \$5,000 for the purpose of examining and correcting the survey of the State line between Nevada and California. The survey is known as "the Von Schmidt survey," having been made by A. W. Von Schmidt.

The Surveyor-General appointed W. Minto and another deputy to make the survey and ascertain whether or not the existing survey is correct or incorrect. These deputy surveyors have been at work in the field for some time, and have ascertained and will report the Von Schmidt survey incorrect. They find the difference to be nearly six miles in width as it now stands. This quantity of territory is lost by the State of California and of course gained by the State of Nevada.

Mr. Minto has gone to the point where the State line intersects the Colorado river, some seventy miles above The Needles, to examine the survey at that point.

## For Fair Week.

John Piper proposes to give Reno a first-class series of entertainments during Fair week. Miss Isabelle Morris and company, who have been holding the boards and doling thousands for several weeks at the Alcazar Theatre, San Francisco, will be here for five nights, presenting such enterprising plays as "Gypsy's Oath," "East Lynne," "Pink Dominoes," "Hazel Kirke," "Nan the Good for Nothing," and "The Great Divorce Case." Supporting Miss Morris are the old Coast and Reno favorites, Ohas J. Edmunds and wife and John Jack. Among other members of the company are Kate Chester, Little Daisy Chester, M. Wells, F. Page, Warren Delano, Mr. Wesner, and Mr. Stephens. On Saturday evening Margaret Mather will appear in "Romeo and Juliet."

## Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents per bottle. feb. 21-awf-ly.

## OPERA HOUSE DRY GOODS STORE.

THE OPERA HOUSE  
Dry Goods Store.

This store is now being generally known all over the State of Nevada as the popular

## ONE PRICE

Dry Goods House, and its proprietor, C. W. Booton, is well known as the

Revolutionizer of Prices and Re-adjuster of Values

—IN—

## STAPLE &amp; FANCY DRY GOODS

## CENTS' FURNISHINGS,

## HOUSEHOLD FURNISHINGS,

## READY-MADE CLOTHING

## And BOOTS AND SHOES.

Please note the various reasons by which I claim I have advantage over all competing houses:

1st. I BUY FOR CASH, and cash only.  
2d. I VISIT THE MARKETS IN PERSON, frequently, and buy my own goods myself, for the lowest possible SPOT CASH PRICE.

3d. MY AIM AND AMBITION IS BIG BUSINESS, quick sales and small profits. This is what I claim and what I hustle for. Having this object in view—to give everybody good value for their money—success is already achieved, as I challenge anyone to dispute that I make the lowest prices.

4th. MY STORE IS THE THE LARGEST AND BEST LIGHTED of any in the city—the three large plate-glass show windows which ornament the building would do credit to none in this country, light being of great importance in any well-regulated store.

5th. I ENGAGE THE BEST AND MOST EXPERIENCED AND SKILLED SALESMEN that can be found in this country. W. R. Lett has full charge of my store; his experience is second to none in this country, having had charge of departments for many years in the leading houses of New York City.

6th. I DO JUST AS I ADVERTISE; I do not advertise my goods at cost, as no intelligent person could swallow so silly an announcement as that. Nevertheless many of our merchants of to-day advertise under the head of selling goods at cost.

7th. ALL GOODS ARE MARKED IN PLAIN FIGURES, and no goods are misrepresented.

HAVING GIVEN SEVEN REASONS WHY I LEAD ALL COMPETING houses in prices, I will venture still further to convince the general public by mentioning the contents of the different departments, thus showing that I carry an enormous and well-selected stock, which can only be fully realized by calling and examining the goods of the different departments.

## In the Colored Dress Goods Department

I keep all the leading shades in plain colors, including fine French Cashmeres, French Camel's Hair, Beattie Cloths, French Foul, Tricot Cloths, Tricotine Cloths, Albatross, Nuns' Veiling, French Delaines, Fancy Striped Alpaca in plaids and stripes. I keep all the leading patterns found in the market.

## The Black Goods Department

Is well stocked with all the latest and best-known brands of French Cashmere, French Camel's Hair, French Sateen, Albatross, Nuns' Veiling, Sicilian Cloths and all the leading brands of Black Alpaca, Black and Colored Silks in all the different makes.

## The Corset Department

Receives special attention, as I carry all the leading makes, including the famous C. P. Corset, and also the P. D., which I sell at prices that defy competition.

## The Kid Glove and Button Department

Is replete with all the shades that can possibly be obtained this side of the Rocky mountains.

## The Hosiery Department

Deserves special mention, as I have been supplying it during the past two weeks with the very best brands of Ladies' Cotton and also Wool Hosiery that are manufactured on this coast. My stock of Ladies' Misses', Children's and Men's Hosiery is unsurpassed in the city. Passing on we come to the

## Shoe Department.

This is a special branch that I have added to my business by special request of my customers, who continually urged me to put in a stock of Boots and Shoes, claiming, as they said—I using their own language—they were tired of paying high prices any longer. I subsequently ordered the above stock, and will say that my success in that department has superseded all my expectations. Men's and Boys' Shoes a specialty. Men's Shoes from \$2 50 up.

## In the Clothing Department

I cannot do justice by venturing to describe the success that continually attends it. I can only add one passing remark—that the amount of clothing I have sold during the past year is a just guarantee that the public never fail to appreciate a ONE PRICE cash business. I sell suits for men from \$5 up.

## In the Underwear Department,

Including Ladies' and Gents', I positively state that I sold more of these goods last season than any two competing houses. Knowing this, and then looking forward for an enormously increased trade in this line this coming Fall and Winter, I have spared no pains and have left nothing undone to secure one of the largest and best-selected stocks of Underwear ever brought to Reno. This true assertion will be more forcibly strengthened by anyone doubting it to call and examine the stock.

## In the Domestic Department

I carry all the principal makes in Sheetings, Pillowcase Muslins, etc. Gingham and Calicoes in endless variety.

Thanking the People of Reno and the Public in General for their Kind Patronage for the Past Year, and Soliciting a Continuance of the Same, I Remain, Respectfully,

**C. W. BOOTON,**  
Opera House Dry Goods Store.

## THE COMBINATION SALE

Great Preparations for a Great Sale of  
Nevada Productions.The great combination sale which takes  
place the first day of Fair week, promises  
to be a drawing card. There will be offered  
for sale of Norfolk, Joe Hooker, Jumbo,  
the sire of Perry Green and several other  
fast ones, besides Gibraltar and Bonner  
colts, and it will give stockmen a chance  
to get most any kind they want. Besides  
horses there will be offered for sale Hol-  
stein, Durham, Polled Angus and Hereford  
cattle in endless variety. Lawrence Frey,  
of Genoa, will be here with several head  
of heavy young work horses, which will  
be sold to the highest bidder for cash.  
Parties having stock for sale would do  
well to communicate with Secretary Stod-  
ard at once.

Both Legs Broken by a Train.

Monday morning, says the Silver State,  
a brake-beam rider fell while getting off his  
perch at Rye Patch, and had both legs  
broken by the train. The unfortunate fel-  
low had been stealing a ride and was  
probably numb when attempting to get off  
as the train was slackening up. He was  
taken to the Humboldt County Hospital  
for treatment. The man's name is Patrick  
Cole, and he is a native of Massachusetts.

## Paradise Mines.

Charles Kemler reports to the Winne-  
muca Silver State that the Paradise mines  
are looking better than for many months  
past. The Wild Goose is producing very  
good ore of which there is considerable in  
sight. Superintendent McCurdy is mak-  
ing arrangements to run the mill night and  
day.

## THE BLOCKADE RAISED.

The Cascade Bridge Rebuilt and Trains  
Again Passing—Cause of the Fire—  
The Transfer, Etc.Particulars of the burning of the Cascade  
bridge on the line of the Central Pacific,  
six miles west of the Summit, indicates  
that the damage done by the big forest fire  
is far greater than was announced in the  
dispatches.The fire started over a month ago in a  
canyon near Cisco, where a camping party  
was located. Their camp-fire "got away"  
from them, and, spreading rapidly through  
the timber, soon covered a large tract of  
country. It swept over half a mile of  
snowsheds on or about the 9th of last  
month, totally destroying them. Ever  
since the fire has raged in the neighbor-  
hood and the railroad company has men  
and fire trains constantly on the watch  
guarding against a repetition of the catas-  
trophe.All last week three fire trains were on  
duty but in spite of the utmost exertions  
the fire entered upon the domain of the  
railroad company. On Thursday, shortly  
before noon, the Cascade bridge caught  
fire and was destroyed. From the bridge  
the sheds on each side took fire, and in a  
short space of time about a mile of them  
were burned. The Blue Canyon, Summit  
and one Truckee fire train were caught  
on the other side of the break and could  
do nothing towards checking the flames.The destruction of this bridge has re-  
sulted in the almost total suspension of  
railroad traffic in this section. As soon as  
the fire in the sheds was extinguished—  
which was late Thursday night—a large  
force of tracklayers were put to work re-  
laying the damaged track, and they suc-  
ceeded in completing this work by Friday  
forenoon. The bridge, however, could  
not be replaced so easily, as it was 300 feet  
long and over 100 feet high. The only  
way to do was to construct a road around  
the break and then transfer passengers and  
baggage, express and mail.There was no road near the track, and  
one had to be constructed. About 250  
Chinamen were put to work on this latter  
job.One hundred and eighty west-bound  
passengers and 197 east-bound were trans-  
ferred at Cascade Saturday, and as many  
more on Sunday. Work on the first trans-  
fer began at 8 o'clock in the morning and  
was concluded at 3 o'clock in the afternoon.  
Four four-horse wagons conveyed the bag-  
gage, mail and express from Cascade sid-  
ing to the top of the main divide between  
the Yuba and the North Fork of the Amer-  
ican, and thence down to the railroad  
track, a distance of nearly one mile.Five hundred carpenters were at once  
put at work on the new bridge preparing  
the foundation, laying timbers and prepar-  
ing for the erection of the new structure.  
The work was prosecuted night and  
day and the bridge was ready for passing  
trains Tuesday morning. Six hundred  
workmen were engaged in repairing the  
track, fighting fire and transferring. The  
forests are burned over an area of ten miles  
square. All standing trees are completely  
destroyed, including much magnificent  
timber.Thousands of cords of wood have been  
burned on the mountain sides. Most of  
this has been cut by poor men who are  
completely ruined by the disaster.A delay was caused Monday by an ac-  
cident, in which two of the foremen, Messrs.  
King and Sheriff, were badly injured. The  
gearing of a crane broke, hitting some  
heavy timbers full. King and Sheriff were  
struck by the timbers and knocked off the  
bridge. Two injured men were taken to  
the railroad hospital at Sacramento. Mon-  
day night on a special train. It is not  
thought that either are fatally injured.Ever since the bridge was made passable  
trains have been rushed through as fast as  
the facilities of the company would allow,  
and the railroad employees are not getting  
any too much rest. The passenger trains  
are moving as usual but it will be some  
days before the delayed freight trains will  
be straightened out, and the regular time  
table of the company strictly observed.

## SENATOR STEWART KISSED.

Mint Appointees Slobber Over His  
Patriarchal Beard.A prominent resident of the State Cap-  
itol, who was a passenger on the Y. & T.  
express at the time of the visit of Senator  
Stewart to Carson after the Mint appoint-  
ments had been made, informs the Virginia  
Chronicle that on the arrival there of the  
train it was boarded by several prominent  
appointees, who threw their arms around  
the venerable Senator's neck and kissed  
him to express their gratitude.One of the officials who attempted to  
slobber over the Senator's patriarchal  
beard was repulsed with the remark that  
his breath was offensive. The Senator is  
said to have avowed that he will have every  
male appointee removed who adopted the  
osculatory method of expressing his grati-  
tude.The Chronicle is in possession of the  
names of the male appointees of the Mint  
who adopted that disgusting method of  
expressing their gratitude to the Senator.

## BASEBALL.

The Carson Club Strengthened—Talk of  
a Tournament at the Ormsby District  
Fair.The Carson Tribune, of Tuesday even-  
ing, contains the following:  
Interest in baseball has been revived  
and Carson is going to have a club that  
can cope with the best amateur organiza-  
tions on the Coast. The Carson club be-  
lieving weak in the box this year did not feel  
sufficiently strong to cope with the Com-  
stock, Truckee and Hawthorne clubs.  
Learning that Messrs. Johnson (pitcher)  
Land (catcher) and Gid (first base) of the  
Truckee Club were willing to locate in  
Carson providing they were guaranteed  
employment, some of our baseball enthusi-  
asts got together last evening and sent  
word to the boys to come at once to the  
Capital. This acquisition will place the  
Carson Club on an equal footing with the  
other clubs of the State and some inter-  
esting games may be expected. Now for a  
baseball tournament at the District Fair.  
It would attract thousands of people to the  
Capital.

## AURORA'S PROSPECTS.

English Capital Enlivening the Old  
Camp.The leading mining company in Aurora,  
having been reconstructed, is now known  
as "The Esmeralda Limited," and has  
\$300,000, coin, as a starter. Operations  
have been commenced at the Real Del  
Monte. The machinery will be overhauled  
and put in motion for the purpose of drain-  
ing the works to the 500 level, from which  
point they will drift into Danand ground,  
where it is expected to strike a body of  
rich ore known to exist but which could  
not be extracted on account of a large vol-  
ume of water encountered at the depth of  
375 feet in the last named mine. In drift-  
ing across the country, all of which is  
reasonably presumed to be fertile, they  
may cut veins that are rich and from these  
open up a mine before reaching the objec-  
tive point of the drift, the progress of  
which will be observed with much interest.  
Superintendent Colcord will push things  
with his accustomed energy, so that the  
people will not suffer much from anxious  
suspense.Steam pumps are expected daily for the  
Humboldt Electric Company. With these  
they will prospect their mammoth ledge to  
the 500-foot level, expecting, of course, to  
find it rich at that depth. Soon thereafter  
they will construct a plant for the trans-  
mission of electricity generated by dynamo  
at Walker river, to operate an exten-  
sive stamp mill. It is only a matter of  
time when dividends will begin to flow  
eastward to line the pockets of our British  
brethren who have so faithfully stood by  
Aurora. "Verily, they shall have their re-  
ward." This will fill our San Francisco  
mining men with envious disgust at hav-  
ing permitted the enterprising Englishmen  
to slip in and capture the best properties  
in the district.There is a bright prospect that the old  
camp, under the rejuvenating influence of  
British gold, will once more come to the  
front and roll out millions of precious  
metals, as she used to do in the booming  
days of the Del Monte, Wide West, Mid-  
night, and other mines that were famous  
in the early sixties.—Home Index.

## CASSAGRANDE'S BOUTY.

More Victims Report Heavy Losses in  
Coin and Jewelry.Several persons who mysteriously lost  
valuables, overcoats and other articles of  
value en route to Steamboat Springs and  
Reno via the Geiger Grade informed the  
Virginia Chronicle of the fact Tuesday and  
stated that the thieving has been going on  
for over a year.One of the victims lost a valise contain-  
ing \$450 in coin and through that loss was  
obliged to defer a pleasure trip to San  
Francisco for several months to allow time  
for him to accumulate another stake.A lady who passed over the grade in a  
buggy several months ago lost a hand  
satchel containing a valuable gold watch, a  
gold locket and diamonds worth \$650.If all the plunder missed in the past  
twelve months by persons en route to  
Steamboat Springs or Reno by private or  
livery conveyance was secured by the  
Cassagrande family their booty should now  
count up in the thousands. It is generally  
supposed that a large amount of the booty  
secured by the Cassagrande family has  
been cashed to prevent detection.

## AUGUST WEATHER.

Not a Fair Sample of Nevada's Climate.

We have received from the office of the  
Nevada State Weather Service, Charles W.  
Fries, Director, the report of all the  
phenomena for the month of August. The  
atmosphere was smoky throughout the  
month. The following is the report as to  
precipitation: The disastrous drought was  
broken in portions of Esmeralda and Elko  
counties, in Esmeralda, Nye, White Pine  
and Lincoln counties, but still continues in  
other counties. Rain fell at 13 out of a to-  
tal of 29 stations, with an average rainfall  
for the State, this year, of 1.06 inches,  
which is 45 100 of an inch more than that  
of the same month in 1888. Thunder  
storms were frequent at Belmont, Nye  
county, and Pioche, Lincoln county, and  
were attended with heavy rainfall. Frosts  
occurred at Crane's ranch on the 20th, at  
Pioche on the 29th and at Ruby Hill on  
the 20th, doing little damage. The supply  
of water for irrigating and milling purposes  
is still very short all over the State.

## A Wheelman Coming.

A Chicago dispatch of September 13th  
says Tom Rae, the bicyclist, Captain of the  
Chicago Club, started for San Francisco  
the following evening. He intends to re-  
turn on his wheel, starting from the Pal-  
ace Hotel at noon on Saturday, September  
21. In order to win a handsome gold  
medal and the stake he must beat Tom  
Stevens' record of 59 days. Arrangements  
have been made to keep track of him the  
entire journey by telegraph. The route  
will be through Southern California across  
the Mojave desert and along the line of the  
Santa Fe railroad to Kansas City, then tak-  
ing the direct line for Chicago.

## Mine Jumpers Felled.

Monday, says the Carson Appeal, some  
parties attempted to take possession of the  
North Carson mine, now being held by  
Messrs. Hebe Holman and Charles Colburn.  
Sam Collyer was on deck with his trusty  
shotgun, and appearing at the mouth of  
the tunnel with it ordered the party off.  
The three men who came to take posses-  
sion, looked into the barrels of his gun a  
few moments and recognizing the calibre  
of the weapon turned their horses and went  
down the hill. Collyer says that when he  
is put in charge of a mine to hold it he  
stays with the game.

## NEW SPORTING PARLOR.

The Wine House Opened Saturday Night  
in a Blaze of Glory.Saturday evening at about 6 o'clock over-  
head the Wine House saloon was opened  
one of the finest sporting parlors in the  
State of Nevada, if not west of Omaha to  
the Sierras.For weeks past the enterprising propi-  
etor of the premises, Spiro Francisovich,  
has been sparing neither time, labor nor  
lavish expenditure of capital. At great ex-  
pense the roof has been raised over twenty  
feet and a solid upper story constructed,  
which is now fully finished and decorated  
in the interior, with a commodious stair-  
way leading up from the front of the sal-  
oon, conveniently adjacent to the main  
entrance. The upper story comprises one  
elegant, roomy apartment, 25x60 feet in  
dimensions, abundantly lighted and ven-  
tilated by numerous spacious  
windows and doors, all guarded by  
solid fireproof shutters. The apart-  
ment is hard-finished throughout and most  
tastefully wainscoted in vari-colored Cal-  
ifornia natural woods, handsomely polished  
to bring out their beautiful color contrasts;  
and at night will be a blaze of light from  
the myriad of gas jets and electric lamps  
adorning the room.These handsome sporting parlors were  
opened under the auspices of those two  
old veterans of the sporting fraternity,  
Uncle Joe Stewart, whose name and word  
is a password and bond in every city and  
hamlet on the coast, and Col. John Daniels  
(Kentucky), one of the oldest and best  
known knights of the green table in the  
State. Their names alone are a host in  
themselves and will attract an army of  
old acquaintances as well as be a guarantee  
that the Wine House Sporting Parlors will  
be conducted in a first-class and most re-  
putable style.Go to Lange & Schmitt's for ranges,  
and cook stoves. Best assortment in the  
State.

The importance of purifying the blood can-  
not be overestimated, for without pure blood  
you cannot enjoy good health.At this season nearly every one needs a  
good medicine to purify, vitalize, and enrich  
the blood, and we ask you to try Hood's  
Peculiar Sarsaparilla. It strengthens  
and builds up the system,  
creates an appetite, and tones the digestion,  
while it eradicates disease. The peculiar  
combination, proportion, and preparation  
of the vegetable remedies used give to  
Hood's Sarsaparilla peculiar  
curative powers. No  
other medicine has such a record of wonderful  
cures. If you have made up your mind to  
buy Hood's Sarsaparilla do not be induced to  
take any other instead. It is a Peculiar  
Medicine, and is worthy your confidence.Hood's Sarsaparilla is sold by all druggists.

## WHAT ON EARTH

Is the reason people will not, can not or do not  
see any difference in cheap nostrums put up by  
cheap John houses or irresponsible parties at  
enormous profits, rather than take a medicine  
of world wide reputation and one that is giving  
universal satisfaction at equal price? No med-  
icine in the world is giving such unparalleled  
satisfaction for purifying the blood as BEE'S  
BLOOD PURIFIER AND BLOOD MAKER,  
and every bottle that does not do its work will  
cost you nothing.
